

DEADLY TORNADO

NINE PERSONS KILLED, THREE DYING AND THIRTEEN BADLY INJURED.

ARKANSAS CITIES SUFFER

FEARED THE LITTLE TOWN OF HIRAM HAS BEEN WIPED OFF THE EARTH.

DESTROYS ALABAMA TOWN

TORNADO SWEEPS AWAY HOPEWELL AND INSTANTLY KILLS TEN PERSONS.

Little Rock, Ark., April 9.—Specials to the Gazette from several towns in White and Cleburne counties, Ark., tell of a tornado that swept through that section Tuesday night, causing death and destruction. The major portion of the country through which the storm plowed its way is remote from railroad, telegraph or telephone lines. A special correspondent of the Gazette wired from Searcy, Ark., that he had gone over a portion of the track of the storm and that trees were twisted from their trunks and houses demolished. Nine persons are known to be dead, three are dying and thirteen others were badly injured. The towns of Little Rock, Albion, Bradford, Heber and Pangburn have been heard from thus far.

The dead are: James Leggett, Joseph Leggett, Thomas King, his wife and three children, and a young lady school teacher who was boarding at King's. These all resided at Little Rock.

Fears for Town of Hiram.

Bradford, which is on the Iron Mountain road, was the first point heard from. Several houses were blown down there and one man badly injured. The tornado came from the west and spent its force by the time it reached Bradford. It is feared the little town of Hiram, with a population of 150, has been wiped off the map. It is near Heber and in the storm's track. Nothing has been thus far heard from it. It probably will be several days before the names of all who were killed by the tornado are known.

A special to the Gazette from Heber says: In the tornado which swept across this section A. C. Williams, living ten miles south of Heber, was killed. He was seventy years old and lived with his wife on top of one of the mountains south of this town. His house was caught up by the wind and thrown down the mountain side. His wife was fatally injured. A white man named Houston, living near Williams, had both arms broken. At Pangburn six residences were blown down and a flock of sheep and a number of cattle, hogs and horses killed.

Destruction by the Storm.

Buck Neeley of Searcy was in the storm and was caught under a small tree which was blown down. He was not seriously hurt.

A large church near Pangburn was blown half a mile.

At Little Rock postoffice Albert Kiler, Elbert Derlie, Walker Pollard, Mrs. Pollard and Thomas King lost all their houses, barns and other buildings.

Forty-three residences and sixteen barns destroyed and other wreckage

is the record of the damage so far reported. The tornado swept everything in a path a mile wide. At Pangburn Mrs. Hoverton and one child were fatally hurt. Two of the Pollards, near Albion, were severely injured. A number of others were hurt, but not seriously.

TORNADO SWEEPS AWAY HAMLET OF HOPEWELL

Destroys Alabama Town and Instantly Kills Ten Persons and Injures Many Others.

Birmingham, Ala., April 9.—Without warning the little hamlet of Hopewell, forty miles north of this city, and one mile from Hanceville, was swept away by a tornado which cut a path of desolation a mile wide and two miles long across a prosperous farming section of Blount county. Ten persons were instantly killed, three or four fatally and a score seriously injured.

The dead are: Mr. and Mrs. Mason Griffin, James Griffin, Henry McCoy, Fred McCoy, Miss Virdie McCoy, C. C. Oden, Miss Norma Oden, Hester Oden and Thelma Oden.

It is believed that several of the injured will die.

The storm came from the southwest and traversed its destructive path in a northeasterly direction, tearing down everything in its way. The section through which it went is flat, on an elevated tableland in the hilly section of Blount county.

There was not the slightest intimation of its approach until the houses were being torn to pieces.

Nathan Griffin's house was demolished and Mr. Griffin and his son James were killed. Mrs. Griffin was so badly injured that she died. Another son and a niece of Mr. Griffin escaped from the house before the demolition was complete. They were injured, but will recover.

The house of John McCoy was wrecked but he and his family escaped with severe bruises.

The home of Henry McCoy, son of John McCoy, received the worst impact of the storm. His wife was severely injured, two of his children may die and his babe and two other children are dead.

The storm struck the house of C. C. Oden. The trees in the yard were twisted into gnarled shapes and even the vegetables in the garden were torn from their roots. Mr. Oden and his three daughters, fifteen, twelve and nine years, were killed. Mrs. Oden received injuries from which she died later.

The home of Mrs. Henry Wharton was wrecked but Mrs. Wharton was not badly injured.

The home of R. G. Quick was destroyed and he and his two children injured.

STEVENSON INJURED.

Former Vice President of the United States Painfully Burned.

Bloomington, Ill., April 9.—Adlai E. Stevenson, formerly vice president of the United States, lost his hair and moustache and received painful burns on the face, head and hands while trying to extinguish a fire in his home. The fire started in a bedroom and Mr. Stevenson was attracted by the smoke coming through a transom. When the statesman rushed into the room the curtains were ablaze. Without calling for aid Mr. Stevenson attacked the flames.

In a twinkling the hair sizzled from his head and the fire seized his moustache and blistered his face. Then Mr. Stevenson retreated before his clothes caught fire. The loss by fire to the house is \$1,000.

KILLS HER MOTHER.

Young Woman Then Blows Out Her Own Brains.

Aberdeen, Miss., April 9.—Rosie Bell Cowart, aged twenty-four, shot and killed her mother and then blew her own brains out. The young woman had exhibited signs of insanity.

IN YELLOWSTONE PARK

PRESIDENT ROOSEVELT SEEKS SOLITUDE IN FASTNESSES OF NATIONAL RESERVE.

TO ENJOY COMPLETE REST

For Next Sixteen Days He Will Be Free From Worry Over Public Affairs—Has Looked Forward to the Outing for Some Time and Was in a Particularly Happy Frame of Mind on Entering the Park.

Cinnabar, Mont., April 9.—President Roosevelt is in the fastnesses of Yellowstone Park and for the next sixteen days he expects to enjoy complete rest and cessation from public duties. He will be in almost daily communication with Secretary Loeb at Cinnabar, but nothing except of the utmost importance will be referred to him. In company with John Burroughs, the naturalist, who accompanied him from Washington, he will closely study the nature of the various animals that inhabit the park.

The president has looked forward to this outing for some time and he was in a particularly happy frame of mind when he led the cavalcade into the park. Every trail leading into the reserve is closely guarded and no one will be allowed to disturb the president's solitude. His headquarters will be at the home of Major Piltcher, the superintendent of the park. A number of camps have been established in different localities and these will be occupied by the president from time to time.

Brief Address to Crowd.

The special train bearing the president and his party arrived at Gardiner, the entrance to the park, at 12:30 o'clock p. m., and was met by a detachment of the Third cavalry and a number of cowboys. Major Piltcher also was on hand to welcome the president. Luncheon was served in the president's car, after which the president, dressed in riding breeches and coat, with a light colored slouch hat on his head, mounted his horse and made a brief address to the people congregated near his train. He then bade the members of his party goodbye and led the way into the park. Mr. Burroughs followed in an army wagon. The train returned to Cinnabar, where Secretary Loeb and the remainder of the party will live in it while the president is absent.

On April 24 the president will start on his trip to St. Louis and the Pacific coast.

The weather here is very mild and reports from the park are to the effect that there is but little snow in the vicinity of the president's headquarters.

SMASH WORLD'S RECORDS.

Vessels of North Atlantic Squadron Do Accurate Shooting.

Pensacola, Fla., April 9.—World's records are being smashed here with frequency by the ships of the North Atlantic fleet. The Illinois has lowered all records for accuracy with thirteen-inch guns and the Iowa took the record with sixteen-pounders. The latter vessel was firing the guns of this size in the gulf, when the gunners fired thirty shots in succession, each falling true at a range of 1,700 yards. Three gun crews participated.

Specialists in Attendance.

Indianapolis, April 9.—Leading eye, ear, nose and throat specialists from all over the country are in attendance at the annual meeting of the American Laryngological, Rhinological and Otolaryngological society, which has opened here.

WELCOMES IRISH LAND BILL.

John Redmond Makes Important Speech at Dublin.

London, April 9.—John Redmond, the Irish leader, made an important speech at Dublin in which he welcomed the Irish land bill, in spite of its great defects, as the first measure proposed by an English minister having the avowed object of carrying into effect the policy of Parnell and the land league. He said he did not wish to forestall the decision of the coming national convention at Dublin. The latter's acceptance of the bill would mean its amendment and its certain passage into law. The rejection of the bill by the convention would mean that both Chief Secretary Wyndham and his bill would disappear. He knew what he was saying when he said that at this moment the position of the government, of Mr. Wyndham, and of the land bill were all weak positions. He deprecated any mixing up of the questions of land and home rule. He believed that the settlement of the land questions would remove the most formidable obstacle on the road to home rule, but the suggestion made by some Liberals that the Irish land bill should be accompanied by a measure of home rule was dangerous and the suggestion was likely to wreck the bill. He considered that Ireland ought to be prepared to give Mr. Wyndham's attempt to deal with the question a fair trial.

After outlining the desirable amendments to the land bill, Mr. Redmond expressed surprise that there should be any uncertainty regarding the reception that Ireland would give to King Edward on his coming visit. He was convinced that the king was friendly to Ireland.

EXCITING EXPERIENCE.

Steamer Compelled to Change Her Course by Honduran Gunboat.

New Orleans, April 9.—Captain Warnecke, of the Norwegian steamer David, which has arrived here from Celba, Spanish Honduras, reports an exciting experience with the Honduran gunboat Tatumbla.

The David was off the north coast of Honduras, when the Tatumbla hove in sight and commanded the merchantman to put into Utilia against the orders of the captain on the David.

The Tatumbla was in command of Colonel Vilarde, who put a half dozen Honduran sailors on board the David and compelled her to go to Utilia, despite protests of her captain.

The David anchored off Utilia, a small island off the northeast coast of Honduras, for the night and left the following day without being boarded by any troops. Captain Warnecke proceeded to Porto Cortez harbor and informed Admiral Coghlan of what had happened. Three United States war vessels went at once in search of the Tatumbla, but from last accounts they had not located the troublesome craft.

The day the David sailed from Celba everything was quiet there, with the revolutionists still in control.

AGITATES NEWSPAPERS.

Dreyfus Case Subject of Discussion by French Press.

Paris, April 9.—The Dreyfus affair continues fiercely to agitate the newspapers, but there is no indication that the government will further pursue the matter owing to the chamber's adverse vote. The war office gave out a denial of the published report that War Minister Andre had actually begun the formation of an investigating committee. This denial is taken to strengthen the view that the government is not ready to proceed, but the anti-government newspapers assert that plans are on foot for the rehabilitation of Dreyfus to the point of his restoration to the army.

SIERRA IN FLIGHT.

Capital of Honduras Only City Now Held by His Forces.

Panama, April 9.—A dispatch from Honduras announces that General Sierra has abandoned Nacaome and it is believed that he will flee to Salvador. The town of Coray has also been captured by the forces of General Bonilla, and only the Honduras capital, Tegucigalpa, now remains in the power of Vice President Arias.

PROMINENT MAN KILLED.

Two Officers and Two Citizens of Opelike, Ala., Fight on the Street.

Opelike, Ala., April 9.—In a street fight here Deputy Sheriff J. L. Moon was shot through the arm and John Long, a well known citizen, was instantly killed. Sheriff Hodge, who fired the shot that killed Long, narrowly escaped death, several bullets going within a foot of his body. The firing began when the two officers offered to shake hands with Long and his companion. Instead of accepting the proffered hands, Long pulled his revolver and began firing at Moon.

AT THE POINT OF DEATH.

Young Lady Basketball Player Kicked in the Side.

Indianapolis, April 9.—Miss Freida Pink, eighteen years old, a star player on an Indianapolis high school basketball team, is at the point of death as a result of injuries received in a basketball game at Crawfordsville.

Miss Pink went down in a scrimmage in the game, which was a championship battle, and was kicked in the side.

Mills Indicted.

New York, April 9.—The grand jury returned an indictment against George Edward Mills, law partner of the son of Dr. R. C. Flower. Mills is accused of attempting to bribe Assistant Attorney Garvan to deliver five indictments against Dr. Flower.

SCHOLARS ON STRIKE.

High School Students of Madison (Wis.) Leave Their Studies.

Milwaukee, April 9.—A special to the Sentinel from Madison, Wis., says: Led by the son of the superintendent of schools and sons of some of the best families in Madison, 300 high school students went on a strike for single or half-day sessions. They congregated in mobs about the high school building and made such a disturbance that a detail of police was called to suppress them.

About two-thirds of the 550 students in the school are out, and the strikers are making vigorous efforts to gain accessions to their ranks. As the strike is approved by the parents of a number of the students, and secretly encouraged, it is said, by some of the teachers, it is probable that considerable difficulty will be experienced in settling it.

ENTIRE VILLAGE DESTROYED.

Volcanic Eruption in Colombia Causes About a Hundred Casualties.

New York, April 9.—The steamer Allegheny, which arrived during the day from West Indian and Central American ports, brought tidings of an eruption of the old volcano Deltierna Firma, in Colombia, near Galera Zambie, on March 22. The village of Tiojo was destroyed and from sixty to one hundred persons were killed and injured. During the night of March 24 flames from the volcano were seen by passing vessels at a distance of sixty miles.

SAYS HE WANTS TO COME HOME

Wife Receives Letter From Husband Who Left in Rather Sudden Manner.

SAYS HE WAS OUT OF HIS HEAD

And For Weeks Wandered Hither and Thither Until he Came to at West Superior.

J. W. McClintock, who left the city some two months ago in an unceremonious manner has finally come to, according to a letter written yesterday to his heart sick wife, who has been toiling industriously since the head of the family went away to keep the wolf from the door, and he now wants to come home.

The family live on Thirteenth street south and according to the story given by Mrs. McClintock her husband came home the night of one pay day about two months ago and after asking what the sizes of the childrens' feet were left the house. Since that the wife has not seen or heard from her husband.

On investigation it was learned that he had been drinking some, and he was known to have boarded the early morning train en route to the head of the lakes. That was the last seen of him and all efforts to locate him have since proved futile.

It was thought that he had gone to either Duluth or West Superior, but the officers there could not locate him.

Yesterday Mrs. McClintock received a letter from her absent husband and it was in many respects a very odd document. He went on to tell that he had roamed for weeks not knowing where he was going, until finally he came to at West Superior and realized what he had done. He immediately wrote a letter to his wife asking her if he could come home, and begging forgiveness.

Mrs. McClintock called up Officer Harley, who has interested himself in the case, and after advising with him wrote her husband a letter to come home, so today he will get the message and in a few days the couple will be again reunited, and the family will be once more happy.

ESDON ETCHINGS.

L. E. Garrison has gone north of Brainerd surveying.

Katie and Julia Goola were visitors in Esdon one day last week.

Judd Die began school at the White school house, May 6.

Sam Hammett is home from Tenstrike, where he has been at work.

Miss Nora Hammett began her school in the Dykeman district last Monday morning.

Miss Larson, our teacher, was quite sick Sunday but was able to go on with her school Monday.

Mr. and Mrs. J. Walker have just moved into their new home. It will be remembered they bought part of the farm formerly owned by W. A. Chord.

The town board surveyed out the new road to Bay Lake last week, but Mrs. Margaret Thompson has seen fit to institute a suit against the county for damages, so I suppose the work on it will be suspended for the present.

The Esdon young people gave Sam and Myrtle Hammett a surprise party the 3rd of April. Mr. Hammett's people were very much surprised as not one of them had heard about it. Just the same everyone seemed to have a very good time and voted the party a success.

Old Mrs. Garrison has been down to Crow Wing on a visit to friends.

The Rev. Ferris held services at the Esdon school house last Sunday evening, April 5th. He will preach at the White school house at 10:30 in the morning, May 12th, and at 7:30 in the evening of the same day at Esdon, and also reorganize the Sunday school at Esdon.

It is not known whether the boat, which is one of the largest on the river, is in danger.

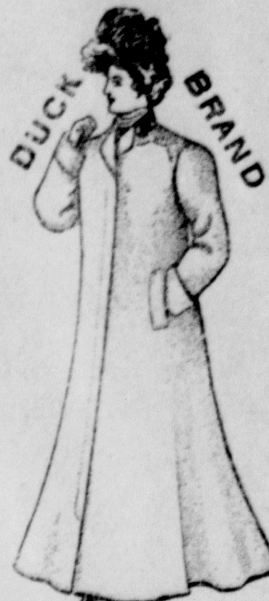

BEYOND A DOUBT.

Returns Indicate Election of Judge Siebecker in Wisconsin.

Milwaukee, April 9.—While the returns from the judicial election in Wisconsin are still incomplete, those received indicate beyond a doubt that Robert G. Siebecker has been elected by a good majority to succeed the late C. V. Bardeen as justice of the supreme court.

The returns from nearly all the counties show majorities in favor of the constitutional amendment increasing the number of justices of the supreme court from five to seven members. The election of John Goodland of Appleton as judge of the Tenth judicial circuit court, and Willis C. Silverthorn of Wausau of the Sixteenth judicial circuit are assured. O. T. Williams of Milwaukee and James O'Neill of Neillville were elected in the Second and Seventeenth circuits, respectively, without opposition.

PIONEER RESIDENT DEAD

Death of Ferdinand Jurgens. Occurred at
his farm home in St. Mathias on
Tuesday Morning.

Ferd. Jurgens, one of the old time
resident of Crow Wing county, died
at his home at St. Mathias on Tues-
day morning, of cancer of the
stomach.

Deceased was in his sixty-eighth
year and up to a short time ago was
active and in good health. He was
one of the early pioneers of this
county and was well known in Brainerd.
He leaves besides a wife, four
grown sons, all well known in this
county.

The funeral services will be held at
St. Mathias on Monday morning,
Rev. D. W. Lynch, of this city,
officiating.

ELABORATE SERVICES.

The Observance of Holy Week and Easter
Sunday in Brainerd Will be on a
Large Scale.

Today is Holy Thursday and ser-
vices were held this morning at St.
Francis church, when the feast of the
institution of the blessed sacrament
was celebrated. There was a large
attendance and the ceremonies were
very impressive.

Tomorrow, Good Friday, there will
be services at St. Francis at 8 o'clock
a. m. and at 7:30 o'clock p. m.

The most elaborate services of all
will be on Sunday, Easter Sunday.
The St. Francis Catholic choir of
twenty-five voices will render Mill-
ard's "Paschal Missa" at 10:30 o'clock
in the morning. The following are

Robbed the Grave.

A startling incident is narrated
by John Oliver, of Philadelphia, as
follows: "I was in an awful condi-
tion. My skin was almost yellow,
eyes sunken, tongue coated, pain
continually in back and sides, no ap-
petite, growing weaker day by day.
Three physicians had given me up.
Then I was advised to use Electric
Bitters; to my great joy, the first
bottle made a decided improvement.
I continued their use for three weeks,
and am now a well man. I know
they robbed the grave of another
victim." No one should fail to try
them. Only 50 cents, guaranteed,
at Olaf Skauge and H. P. Dunn &
Co.'s drug stores.

THE ASSOCIATION IS FLOURISHING

Annual Meeting of the Y. M. C.
A. Held Last Night and New
Board Elected.

THE SECRETARY'S GOOD WORK.

Report of Treasurer McKay Shows
Association is Practically Out
of Debt

The annual meeting of the Young
Men's Christian Association was held
last night in the association parlors
and it may be appropriately termed
one of the stepping stones in the
history of this worthy organization.
The meeting was very well attended
and more enthusiasm in the work
and interest in the success of the as-
sociation seemed to be manifest than
ever before.

The good spirit which prevailed
was perhaps due to the very en-
couraging reports of Secretary Flick-
wir and Treasurer Fred McKay.
The reports were full of detail re-
garding the work of the association
and showed that there was at present
practically no debt, which was good
news to the members of the board.

A new board of directors was
elected last night as follows:

For two years—C. H. Fratcher, L.
J. Erickson, A. T. Larson, J. H.
Noble and J. A. Wilson.

For three years—A. Angel, A. E.
Losey, R. F. Walters, William
Rogers and Jerry W. Flickwir.

President Angel named the follow-
ing committee to audit the books and
report at a future meeting: M. Mc-
Fadden, Hugo Katz and Louis Zaka-
riassen.

After the business session was over
a spread was laid and all took seats.
The good feeling that prevailed made
this feature of the evening a pleas-
ant one, and the ball was started
rolling when some one threw a bou-
quet by stating that the gathering
reminded one of the picture of the
president and his cabinet.

A. E. Losey was chosen as toast
master and he proved an efficient one
and there was not another dull
moment while the guests discussed the
menu. Remarks were called for
from nearly all who were present.
The first speaker was requested to
dilate on the subject, "J. A. Wil-
son's Digestion," but the professor,
nothing daunted, continued to mow
away just the same.

During the evening Secretary
Flickwir received many compliments
for the excellent manner in which he
had conducted the business of the
association during the past year.

CHINESE BOND MUDDLE

PEKING ADVICES STATE AMERI-
CAN AGENT ACTED WITHOUT
INSTRUCTIONS.

DENIAL FROM WASHINGTON

Stated in Authoritative Quarters That
No Bond Providing for Payment of
Indemnity in Gold Dollars in Place
of Silver Is Being Presented—Mat-
ter Concerns Us Alone—Other Pow-
ers May Do as They Please.

Peking, April 9.—It appears that
the American financial agent acted
without instructions in presenting the
indemnity bond providing for pay-
ment in silver taels. Under instruc-
tions from his government he is sub-
stituting a bond providing for pay-
ment in gold dollars.

EVIDENTLY MISUNDERSTOOD.

Statement From Peking Denied in
Washington.

Washington, April 9.—Evidently
considerable misunderstanding con-
tinues regarding the bonds which
China is to execute to the United
States in payment of the indemnity for
the Boxer outrages provided in the
protocol of April 1, 1909. The state-
ment from Peking that the American
financial agent, under instructions
from the state department, is substi-
tuting a bond providing for the pay-
ment of the indemnity in gold dollars
in place of a silver bond is denied in
authoritative quarters.

Our government is disposed to take
its own view of the interpretation of
the terms of the protocol. This pro-
vided that China should execute to the
United States an indemnity bond at
the rate of exchange provided in the
protocol and it was also provided that
the installments of the indemnity pay-
able thereafter should be at the rate
of exchange when these payments fell
due. If the United States, desiring
not to avail itself of the loss which
China should suffer in these payments
as a result of the depreciation in sil-
ver, prefers to demand them at the
rate of exchange existing when the pro-
tocol was signed, that it is held, is a
matter which concerns us alone and
leaves the other powers to do as they
please.

The instructions of the department
of state to its representative in China
who is conducting the negotiations
relative to the statement of the in-
demnity, look to the retention of in-
dependence while faithfully carrying
out the engagements entered into by
the United States in the Peking agree-
ment.

TRANSFERRED TO CHINESE.

Local Governments in Manchuria Be-
ing Relinquished by Russians.

Peking, April 9.—Wednesday was
the date of the expiration of the treaty
period of six months fixed for the
evacuation of the second province of
Manchuria. During the past fort-
night the Russians have been remov-
ing their troops from the interior of
the province, part of them going to
Port Arthur and the others to stations
on the railway, but none leaving
Manchuria. The local governments
are being transferred to the Chinese.
Prince Ching, president of the minis-
try of foreign affairs, expressed his
satisfaction at Russia's fulfillment of
the agreement.

LOWELL STRIKERS ENDORSED.

Steps Taken to Order Out Spinners at
Other New England Points.

Boston, April 9.—Not only was the
position of the Lowell cotton mill
operatives and the strikers at Woon-
socket and Manville, R. I., endorsed at
the session of the National Mule Spin-
ners' association, but preparatory
steps were taken toward ordering
strikes of spinners at other New Eng-
land points. The executive council of
the association was instructed, in case
the efforts to induce mill owners to
advance wages are futile, to order
strikes at such times as may be
deemed most expedient.

It was decided to support financial-
ly the textile strikers at Lowell, Woon-
socket and Manville, and to levy an
assessment upon all spinners for this
purpose. In addition it was deter-
mined to call upon labor men throughout
the United States and Canada to sup-
port the men, women and children now
locked out or upon strike.

ARGUMENTS UNAVAILING.

So Union Men Resort to Violence and
Lively Scene Ensues.

Baltimore, April 9.—As 100 non-
union structural iron workers were
waiting in the Calvert station of the
Pennsylvania railroad to board a
train for Pittsburg, they were ap-
proached by a number of union men
who tried to dissuade them from tak-
ing the place of strikers. Finding
their arguments unavailing, several of
the union men resorted to violence
and a lively scene ensued. Reserves
from the central police station quick-
ly arrived upon the scene and arrested
four union men and two nonunion men
and a special officer who was with the lat-
ter.

The other union men proceeded on
their way to Pittsburg.

Hopkins Is Located.

Sioux City, Ia., April 9.—W. H. Hop-
kins, representative of Edwards,
Woods & Co., a grain commission firm
of Sioux City, who disappeared a few
weeks ago leaving a large shortage,
has been located at West Baden, Ind.
He says he will go to Minneapolis, the
headquarters of the firm, and try to
effect a settlement.

Professor Commits Suicide.

Columbus, O., April 9.—Professor
Ernest A. Eggers, head of the depart-
ment of German at the Ohio state
university, committed suicide by
shooting himself at his home. It is
said he was despondent from illness.

PENNEL INQUEST.

Course of Public Inquiry Has Been
Settled.

Buffalo, N. Y., April 9.—Justice Mur-
phy and District Attorney Coatsworth
held a conference on the Pennell in-
quest, which begins at the morgue
Friday afternoon. The course of the
public inquiry, so far as it could be
discussed beforehand, was settled.
The inquests of Pennell and Mrs. Pen-
nell are to be held jointly. The last
known statement of Pennell in his own
defense in which he says a woman
killed Burdick at midnight, is to come
out.

The letters Pennell wrote, the state-
ment he left behind, and all other pa-
pers that in any way touch upon or
pertain to the affair of Burdick are to
be brought out if the authorities can
get at them. Pennell's detectives are
also to come out, unless they have
found their way into hands beyond the
reach of the court. The facts about
the trust fund or bond from Pennell
to Mrs. Burdick also may come out.
Justice Murphy has decided to sign
the subpoenas desired by District At-
torney Coatsworth. These include
subpoenas for Thomas Penny, attor-
ney for the Pennell estate; Adminis-
trator Frederick Pennell, Attorney
Wallace Thayer, who was Pennell's
legal adviser; the witnesses to Pen-
nell's will, and certain others. The
inquest probably will last two days.
It is intimated that an attempt will
be made to show that the money Pen-
nell obtained from his relatives and
friends was in the nature of legitimate
loans.

PASSENGERS IN A PANIC.

Two Steamers Collide in New York
Harbor.

New York, April 9.—The Atlas liner
Allegheny, from Port Limon, Costa
Rica, was badly damaged in the harbor
of New York during the day as the re-
sult of a collision with the British
steamer Joseph Merryweather, bound
out for Baltimore and Cork, Ireland.
The Allegheny was struck on the star-
board side and a huge hole torn in her.
She took water rapidly and soon her
bow was under water. She lay near
Liberty island. The passengers, many
of them in a panic, were rescued by a
passing tug and brought to the city.
The crew remained on board, gathered
at the stern, which was not submerged.
The collision occurred during a thick
fog.

Wisconsin Farmer Fights for His Life
With a Stallion.

La Crosse, Wis., April 9.—William
Markle, a farmer, had a fight for his
life with a mad stallion during the
afternoon and only escaped by shoot-
ing the animal. Markle's clothes were
torn to shreds and his flesh was badly
lacerated. Saturday the horse bit off
a man's ear and previous to this he

GREGORY BILL BEATEN

MEASURE MAKING CERTAIN CITY

OFFICERS ELECTIVE BAD-
LY DEFEATED.

SENSATIONAL DISCUSSION IN

SENATE OVER SOULE GAR-
NISHMENT BILL.

St. Paul, April 9.—The Gregory bill
to make certain city officers in St.
Paul and Minneapolis elective by the
people, was given the worst beating of
any bill put to a vote in the house for
a long time. There were only 20 af-
firmative votes and 63 in the negative.
Mr. Anderberg opposed the report of
the state training school committee,
indefinitely postponing his bill to
create a separate school for girls, but
was unsuccessful.

The old subject of the limit of dam-
ages, for injuries resulting in death,
was precipitated when Mr. Erickson
had a motion adopted to take from the
table his bill to raise the limit from
\$5,000 to \$15,000, in spite of weak op-
position.

Mr. Chinnock moved to recall his
bill on the same subject from the judi-
ciary committee. His bill makes the
limit \$10,000.

The Chinnock bill was recalled, and
will be considered with the Erickson
bill.

The Hinton bill, to end the term of
Brigadier General W. B. Bend, passed
the house, 85 to 1. The lone negative
vote was cast by Mr. Tighe, in whose
district General Bend resides.

The judiciary committee's bill giv-
ing lawyers in personal injury cases
a lien on any judgment for their ser-
vices passed the house by a vote of 76
to 8.

A lengthy petition was received
from 150 citizens of West Duluth re-
questing the passage of a law requir-
ing the Northern Pacific to stop all its
trains at that point. The petitioners
say that the Northern Pacific since
buying out the St. Paul and Duluth
road has discontinued two stations in
West Duluth by way of West Superior with
the intent to evade state regulation by
setting up interstate commerce.

Representative Haugland, Monte-
video, introduced a bill to allow vil-
lages the right of domain for the pur-
pose of constructing sewers, side-
walks, waterworks and other improve-
ments, and to go beyond the village
limits, if necessary, in the condemna-
tion of land.

Representative Simons had an un-
successful attempt to revive his cer-
tified public accountant bill.

Shearer's bill to punish the publica-
tion of indecent and immoral adver-
tisements was reported by the house
committee on crimes and recommend-
ed to pass.

In spite of an order by the house for
indefinite postponement of his state
highway commission bill, Representative
Ole Peterson got the measure to the
calendar.

The anti-trading stamp bill is un-
constitutional. So decides a special
committee of five of the leading law-
yers of the house selected by the judi-
ciary committee to pass upon the bill.

By virtue of a request from the gov-
ernor a bill to cure errors in the in-
corporation of a Houston county vil-
lage was introduced by Representative
Bosworth. The bill introduced, Mr.
Bosworth secured its immediate pas-
sage under suspension of the rules.

The house committee has decided
upon indefinite postponement for the
bill which fixes the minimum age for
holders of first-grade teachers' certi-
ficates at nineteen years.

The members of both houses congre-
gated in the house chamber and lis-
tened to an earnest address by Admiral
Schley, in which the distinguished
naval officer praised the sons of Min-
nesota for their daring deeds on the
fields of battle.

AFTER BITTER DEBATE.

Senate Refuses to Reconsider Garnish-
ment Bill.

An innocent motion on the part of
Senator McNamee to reconsider the
Soule garnishment bill in the senate
precipitated the most sensational dis-
cussion that the senate has known this
session. Senator McNamee is op-
posed to the bill and voted against it
when it first came up, as he explained
when he moved its reconsideration,
but he was willing, he said, as a mat-
ter of senatorial courtesy to extend the
opposition every possible opportunity
for a full hearing.

After a bitter debate participated in
by Senators Horton, Morgan, Schutz,
Putnam, Wood, Wilson and Laybourn,
the last named moved a call of the
senate.

By a vote of 29 to 16 the senate re-
fused to reconsider the bill.

The senate in the hottest session of
the year gave a black eye to lobbying
on the floor.

Senator Horton was speaking on the gar-
nishment bill and referred to the
lobby working for the bill.
Before Senator Horton could say
another word the president broke in
with a vigorous announcement:
"The point of the gentleman from
Ramsey county is well taken and the
sergeant-at-arms will promptly eject
all persons lobbying in this chamber.
The rules of the senate are explicit on
this subject and must be enforced. I
trust that there will be no further
violation of this kind."

The prompt action of the president
was warmly endorsed by members who
are annoyed daily by many men who
have some particular bill to "plug" for.
By a vote of 32 to 17 the senate
passed the Eberhart national guard
bill, which is to remove General Bend.
Senator Horton won a partial victory,
however. Eberhart wanted the house
bill of the same purport substituted
for the senate bill, as the house bill
has passed the house. Horton op-
posed, and, on a motion to suspend the
rules, Eberhart lacked several votes
of the necessary two-thirds.

Senator Schutz succeeded, after a
long debate in having his bill to cre-
ate an additional judge for the Ninth ju-
dicial district recommended for passage

ble rate.

BUSY DAY FOR SCHLEY.

Distinguished Naval Officer Entertain-
ed in St. Paul.

St. Paul, April 9.—Admiral Schley
was put through a busy day in St. Paul
and was hustled from one function into
another so rapidly as to keep him con-
stantly on the move. In the morning
he was taken to Hamline university to
address the students, and he returned
to his hotel barely in time to have
luncheon before the afternoon parade.
After the parade came the receptions
at the capitol and the call upon Gov-
ernor Ramsey filling in the time until
the dinner hour, and after dinner the
theater party and more receptions.

At the state capitol the members of
both houses of the state legislature
were assembled in the hall of repre-
sentatives, and after being introduced
by the speaker, Admiral Schley made
a brief address laudatory of the men of
Minnesota on the field of battle, and
thanked the solons earnestly and kind-
ly for their enthusiastic greeting.

SURPRISE FOR SAILORS.

Admiral Melville Preparing to Revo-
lutionize Naval Construction.

Washington, April 9.—Admiral Mel-
ville, engineer-in-chief of the navy,
has a surprise in store for the sailors
which perhaps will be as revolutionary
in its effects on naval construction as
was his famous triple screw. For
more than a year past his bureau has
been making quiet inquiries and pre-
paring plans for a turbine-propelled
warship. This boat experts have been
consulted and the plans have advanced
to a point where it is thought satisfac-
tory results are assured. Details of
the novel arrangement of this ship are
withheld for the present, but it is ex-
pected that they soon will be made
public.
